

For Immediate Release May 22, 2009

Teamwrkx' Natasha Venzon Recognized by *SV/SJ Business Journal* as One of Top 40 Professionals Under Age 40 Shaping Silicon Valley's Future

SAN JOSE, CA – [Teamwrkx](#) announced today that [Natasha Venzon](#) has been named one of [Silicon Valley/San Jose Business Journal's "Top 40 Under 40"](#) based on the vision, leadership and dedication she demonstrates as the cofounder, corporate secretary and director of human resources for five independent businesses in the Teamwrkx, Inc. family of companies.

"The people in this year's edition are a great example of individuals who continue to innovate Silicon Valley. It is clear from this year's group that we still attract the best and the brightest to the Bay Area," said SV/SJ Publisher James MacGregor.

While pursuing a career in linguistics, Natasha worked as a project engineer and contracts administrator for South Bay Construction. In 2004, she left the company with her husband to launch Teamwrkx, Inc., a business incubator, and Team Construction & Development, a general contracting company. (Team has since been acquired by Teamwrkx.) Natasha helped secure clients, administrate projects and build the firms' infrastructures, policies and procedures for project administration, accounting and human resources. As the companies grew, she fought for and secured the best possible health coverage, benefits and 401k retirement plans for everyone.

Over the last five years, Natasha has supported Teamwrkx' incubation of four more for-profit companies, including [Teamwrkx Construction](#), Teamwrkx Facilities, Teamwrkx Technology and [Teamwrkx Mechanical](#); and two non-profit companies – [Sticks-2-Schools](#) and ScubaFamily. Last year, Teamwrkx, Inc. was among the [Silicon Valley/San Jose Business Journal's 20 fastest growing private companies](#), having demonstrated an average growth rate of 182 percent since 2005 and nearly tripling revenues from \$8.53 million to \$24.1 million in the parent firm. Statistically, Teamwrkx Construction and Teamwrkx Mechanical are also Top 30 Silicon Valley firms in their respective industries, with Teamwrkx Mechanical ranking 17th in the SV/SJ Business Journal's 2009 list of HVAC contractors.

Even as she continued to expand the services of Teamwrkx' human resources department to support the companies' explosive growth, Natasha parlayed her teaching skills in four languages to graduate *cum laude* from San Jose State University with a foreign languages degree. Her character and energy are evident in how she has adapted to her new country, balancing career and parenthood. Having emigrated to the U.S. from Russia in 2001, Natasha has fully embraced American traditions and ideals and earned her dual citizenship in 2007. She has also set up in-office childcare for employees, which enables her to be close to her 3-year-old daughter and newly adopted 14-year-old stepson, whom she has reared for eight years.

In an office laden with toys and coloring books, Natasha infuses Teamwrkx with the dynamism and passion of a young mother, actively participating in philanthropic organizations including the March of Dimes, Center for Elders Independence, Sticks-2-Schools, ScubaFamily and the Komi Republic Orphanage in Russia. Last year, Natasha also worked with Rotary International to build a school in the country of Honduras where none was available for many-hours walking distance.

The Teamwrkx, Inc. family of service companies includes Teamwrkx Construction, commercial general contractors specializing in corporate interiors, renovations, and new building construction; Teamwrkx Mechanical, Inc., an HVAC company offering a range of services designed to reduce a building's overall operating expenses and impact on the environment; Teamwrkx Facilities, a service division specializing in the maintenance of corporate real estate assets; and other companies now in varying states of incubation. Founded in San Jose in 2004, Teamwrkx has construction projects in progress throughout the Greater Bay Area and Central Valley, with formal offices in both San Jose and San Francisco, and field offices in Oakland, Tracy and Lodi. More information is available by calling 408-287-2700 or at www.TEAMWRKX.com.
