Teamwrkx Construction Completes Center for Elders Independence Oakland Headquarters, Helps CEI Enhance Quality of Life for East Bay Seniors

San Jose, Calif. — [Teamwrkx Construction](#) announced today that it has completed construction of the Oakland Headquarters of the [Center for Elders Independence](#) (CEI) at 510 17th Street in Oakland, Calif. The \$750,000 building renovation spanned three of the four floors and 10,000 square feet of CEI's facility. The project includes a complete build-out of the second-floor offices, new HVAC and lighting systems and compliance upgrades for the Americans with Disabilities Act (ADA). In addition, CEI requested that Teamwrkx include structural and seismic retrofitting of the building's bottom three floors, even though this wasn't required by code.

"Teamwrkx Construction is a great partner. Not only do they provide excellent construction services that help us fulfill our mission of delivering high-quality, affordable, integrated health care to the elderly, but they also support our "friendraising" events every year," said Dianna Garrett, director of communication and planning for CEI. "Teamwrkx cares about giving back to the community and it's a pleasure to do business with them."

CEI's newly renovated Oakland headquarters serves as the nerve center for the organization's three East Bay locations. Together, the facilities function as comprehensive health and social service centers for the region's growing senior population. In January, Teamwrkx completed construction ahead of schedule for [CEI's Josie Barrow Center](#) in Oakland, Calif. where up to 160 seniors can be served with dental, medical, and physical therapy rooms, restrooms, showers and a commercial kitchen.

"After almost ten years together, the relationship between Teamwrkx Construction and CEI is built to last," said Teamwrkx CEO Eric Venzon. "We look forward to collaborating and building with CEI well into the future and are always actively seeking new opportunities to engage in construction that enhances and energizes our community."

About CEI

CEI is a Program of All-inclusive Care for the Elderly (PACE) offering fully integrated medical care and social services. Since opening as a PACE provider in 1992, CEI has served nearly 1,400 residents throughout North and Central Alameda and West Contra Costa Counties with community-based health care programs.

About Teamwrkx, Inc.

The Teamwrkx, Inc. family of service companies includes Teamwrkx Construction, commercial general contractors specializing in corporate interiors, renovations, and new building construction; Teamwrkx Mechanical, Inc., an HVAC company offering a range of services designed to reduce a building's overall operating expenses and impact on the environment, and other companies now in varying states of incubation. Founded in San Jose in 2004, Teamwrkx Construction has projects in progress throughout the Greater Bay Area and Central Valley, business offices in San Jose and San Francisco and field offices in Oakland, Tracy and Lodi. More information is available by calling 408-287-2700 or at www.TEAMWRKX.com.
