

ChargePoint

Interior and exterior tenant improvements including engineering labs, IT rooms and electrical vehicle charging stations.

240 East Hacienda Avenue
Campbell, CA

CLIENT/OWNER	ChargePoint, Inc.
ARCHITECT	Arc Tec, Inc.
SIZE	315,000 + SF
COMPLETION	Ongoing Tenant Improvements (2015 to present) / EV Charging Station Installations
BUDGET	Confidential

Multiple interior and exterior tenant improvements included a design-build electrical system for three new engineering labs and auto labs, IT rooms, 24 EV charging stations, auto R&D areas, power upgrades, etc. at ChargePoint’s Campbell and San Jose locations.

ChargePoint and TXC enjoy a MSA and NDA relationship. TXC partners with ChargePoint for the delivery of third-party installations throughout the Greater Bay Area. ChargePoint and TXC together offer a full-service product from sale of the charging station units through design-build installation provided by the TXC supply chain.
