

Randy Scott

Principal

37

Years of Experience

Randy brings close to 40 years of construction experience in various roles (Project Manager, Vice President Operations, President) at one of the largest tenant improvement contractors in Northern California. His experience includes a diverse portfolio of major capital construction (subway, transit, city halls), building infrastructure (cooling towers, emergency and standby generators, electrical and mechanical upgrades), and data centers throughout North America. Randy provides oversight, and is a resource to the project team, especially to the client team should any escalated issues arise.
